VERDICT FOR W. C. DE MILLE. Not Guilty of Plagiarizing Sketch, Rules U. S. Judge.

Judge Sheppard in the United States District Court yesterday decided that William C. de Mille and not Gershon Jacobson is the author of the playlet "Poor Old Jim." The Judge accordingly dismissed the copyright infringement suit brought by Jacobson in which he accuses De Mille of having adapted the ideas and situations in a farce written by the plaintiff entitled "Reilly's Last

The Judge holds that the central theme in both playlets, dealing with a woman who tries to cure her husband of drink by persuading him that he is dead while he is in a drunken stupor, is altogether too old to form the basis for an allegation of plagiarism. Such similarities as were evident in the execution of the theme in both playlets, the court holds, would probably occur in any case where two imaginative minds worked on the same plot.
